What is G Suite?

G Suite, formally known as Google Apps and commonly referred to as Gmail for business is a cloud based suite of business apps including a business version of Gmail.

G Suite is a cloud based service that is accessible on any device (mobile, tablets & computers) and includes a business version of Google Drive.

What's Included?

Each individual user in the G Suite account is allocated 30GB of data that is shared across their email and the other apps within the platform.

The G Suite apps include Google Drive, Google Docs, Google Sheets, Google Slides, Google Calendar and more.

" Sit back and relax, you're online marketing will be taken care of by a team of magnificent professionals. Excellent reporting and assistance. Direct and fast communication with your account manager. "

Alex Vitale, Airbus

Why Use G Suite?

Email remains a mission critical tool and businesses are dependent on having a solution that is easy to manage and reliable. When email goes wrong it can be a very frustrating experience and difficult to problem resolve.

G Suite email is fast and easy to use and very reliable. Your email is stored in the cloud and accessible from anywhere and on any internet connected device. You can also continue using a email client like Outlook or Apple Mail if you prefer.

One of the powerful features of G Suite email is that it integrates very easily with many common crm, accounting and other business applications.

The G Suite apps allow you to share and collaborate easily with other team members.

Key Benefits

- ✓ Can be set up using your existing domain email addresses
- ✓ Old email can be migrated across to your G Suite account (subject to accessibility)
- ✓ Email is accessible via mobile apps, Gmail online and computer based clients like Outlook
- ✓ Simple admin management, new users can be easily added and set up
- ✓ Email is securely stored in Google's cloud
- ✓ Team oversight of email and apps activity and usage
